## GRUV CHORUS

A team of 4 you adore  
breakin' beats and rhymes galore  
rippin down the mind's door  
from the ground floor  
spitting wisdom like gold ore  
Weak ass crews don't be sore  
drop your weapons  
Gruvasylum gotchu baby, over is the war

---

## RED CLAY

My style is kinda phat  
My style is kinda phat  
My style is kinda phat  
Reminiscent of a whale  
(last x – like that!)

## NEVER REALLY DIES - CHORUS

Here to there and there to here - they go  
pass before our eyes

No, time to climb to ring the chime - of a  
mountain bell that cries

Those whose eyes are closed to know - always  
see their face in skies

Re,member them and their lasting - spirit  
never really dies

---

## THROW YOUR HANDS IN THE AIR - CHORUS

Throw your hands in the air  
you know it's a war our there  
Gruvasylum got the ill skills  
kinda make us sorta rare

Throw your hands in the air  
you it's a war out there  
Gruvasylum make like Voltaire  
so you haven't got a prayer

Throw your hands in the air  
you know it's a war out there  
Gruvasylum just so handsome  
you know it really just ain't fair

Throw your hands in the air  
you know it's a war out there  
Gruvasylum make yo heart swell  
like a god damn care bear

## YESTERYEAR - CHORUS

In order to prep  
For our next of days  
We gotta re-spect  
The lessons of  
Yesterdays

## LIFE OF LOVE - CHORUS

Live the life of love so you can  
Love the life you live  
Live the life of love so you can  
Love the life you live  
It's a circle if you get it  
Once more, now don't forget it  
Live the life of love so you can  
Love the life you live

to function in life, this the truth  
but least we not, forget that we are, crea-tures  
that go, through pain and fear and lows**

A2

**There are hearts that might break when we use  
the logic we make, this the truth  
but least we not, forget that we are, crea-tures  
that need, our minds to think and feed.**

B (bridge – words come on beats 3 & 4)

**heart / brain  
soul / mind  
feel / think  
sight / blind**

**then / now  
truth / lie  
loss / find  
live / die**

A3

**As we stumble, through life, we look for  
ways to endure strife, this the truth  
but least we not, forget that we are, crea-tures  
that strive, for balanced life to thrive**

## **DO YOU HEAR WHAT I HEAR?**

**Do you hear what I hear?  
Do you see what I see?  
Do you feel what I feel  
Do you choose to be free?**

**Do you hear what I hear?  
Do you see what I see?  
Do you feel what I feel  
With a voice as big as the sea.**
