

After 4 years of world tours standing next to hip-hop legend GURU (of Gangstarr fame), Brownman continues to extend the jazz-hip-hop legacy Guru began.
"Award-winning trumpet player from GURU's JAZZMATAZZ continues Guru's jazz-hip-hop legacy brilliantly" - Boston Phoenix

GRUVASYLUM

Improvisation...
 Spontaneous creation...
 The essence of the jazz solo is not so different from the essence of freestyle.
 GRUVASYLUM is hip-hop with a jazz ideology.
 100% improvised urban grooves, yet rooted in jazz lineage.
 Place these tenements in the hands of award-winning musicians and a berserker freestyle rapper...
 and watch the walls burn down
