Conceived in the spirit of multi grammy winning outfit - "The Brecker Bros", the Ali Bros embody the essence of jazz improvisational ideology erupting against a backdrop of powerful urban grooves. Funk, hip-hop, drum'n'bass, soul all colliding with modern jazz textures. Their uncanny musical relationship enhanced by blood, Brownman and Marcus Ali together form an incredibly synergetic, almost telepathic bond making them one of the most called upon horn playing teams in the country.
