Salsa songstress LADY SON is widely known for delivering high-energy Salsa shows, but what many don't know is her deep penchant for funk and Latin-jazz grooves. On Fri-Jun-26, backed by Brownman's award-winning Latin-jazz quartet ARECIBO, Lady Son will explore the depths of Cuban-jazz-funk in ways you've never seen her before - singing, rapping, improvising - you'll see sides of this artist you never knew existed! This show represents the beginning of an exciting new collaboration between Lady Son & Brownman Ali and is sure to be both funkified and groovalicious!
